Gusseted Bag Made from Pre-cut Bag Fabric

■ Materials

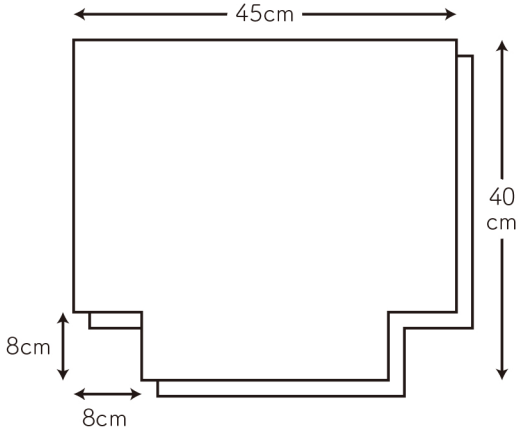

Pre-cut fabric for bag: approx.80×45cm / 1Sheet
Lining fabric: approx. 72×45cm / 1Sheet
Handles (MAW52): 1 pair

[When folding at the fold line
(for non-directional patterns)]

[When cutting in the center
(for directional patterns)]

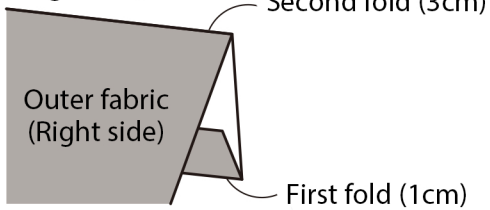

■ Instructions

(1) Cut out the gusset sections.
(For fabrics with a directional pattern, cut in half at the center before cutting the gussets.)

(2) Fold the upper seam allowance of the outer fabric down by 1 cm first, then fold it by 3 cm, and press with an iron. [See Diagram A]

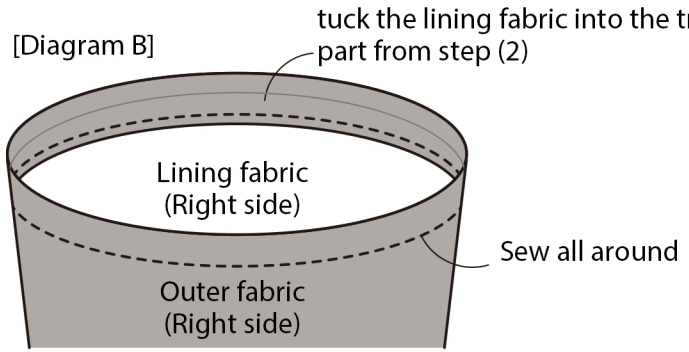

[Diagram A]

(3) Place the outer fabric with right sides together and sew both sides (if cut in the center, sew the bottom as well), then sew the bottom gussets. Sew the lining fabric in the same way along both sides and the bottom gussets.

(4) Place the wrong sides of the outer fabric and lining fabric together, tuck the lining fabric into the upper seam allowance of the outer fabric, and sew around. [See Diagram B]

[Diagram B]

(5) Sew on the handles and it's complete!
